2. roms not working on retropie
3. retropie neogeo roms not working

Can someone help?. If you download the source it will take longer as it will need compiling, but it will be the most up-to-date version (but on the flip-side, may not work with your setup).. 2 97 29 build (known also as FB Alpha 2012) The rom naming scheme should be for this version (because it can change in later versions).
